Your Plan Provider Directory

This directory provides a list of Your Plan's network providers.

This directory is for the plans and service area listed on the front cover of this directory.

This directory is current as of September 1, 2010. Some network providers may have been added or removed from the list after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about Your Plan's network providers in your area, you can visit www.AARPMedicarePlans.com or call our UnitedHealthcare Customer Service Department at 1-800-643-4845 8 a.m. to 8 p.m., local time, 7 days a week. TTY/TDD users should call 711.

Section 1 – Introduction

This directory provides a list of Your Plan’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

Additional Benefits that are not covered by Original Medicare may be included in your benefits package as a plan member. Benefits such as Vision Care and Additional Dental services may be included. Please see your Evidence of Coverage “Additional Benefits” section to see if your Plan includes these benefits.

Services from these providers will **NOT** be covered, if your plan does not include these Additional Benefits.

Choosing a Primary Care Physician (PCP)

You will have to choose one of our network providers that are listed in this directory to be your **Primary Care Physician (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Call the PCP you are interested in selecting to see if they are accepting new patients. If you select a PCP who is not accepting new patients we will automatically assign you to a PCP who is accepting new patients. You are not required to stay with a PCP. You have the option of selecting another PCP that is accepting new patients by calling UnitedHealthcare Customer Service at the number listed on the back cover of this directory. Your PCP plays an important role in your health care. We want you to feel comfortable with the PCP you choose.

Benefits of partnering with your PCP include:

- Helping you make smart lifestyle choices to improve and maintain your health
- Coordinating the care of various specialists you are seeing for specific conditions
- Managing your prescriptions and identifying potential adverse interactions
- Helping you understand the complex world of health care

You may want to ask your PCP for assistance in selecting the network specialist. You should always follow-up with your PCP after any specialist visits. You are encouraged to maintain a relationship with your PCP.

Your PCP is trained to handle the majority of common health care needs. If you feel the need to see a specialist, your PCP can recommend an appropriate network specialist for your medical condition and answer questions you have regarding the specialist’s treatment plan. Your PCP will also provide follow-up health care as needed.

The “network providers” listed in this directory have agreed to provide you with your Health Care, Vision Care and Additional Dental services coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

You can ask our plan to pay our share of the cost of your covered services

There may be times when you get a bill from a network or non-network provider for the full cost of medical care you have received. In many cases, you should not pay the bill but instead you should send this bill to us. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. Please call UnitedHealthcare Customer Service at the number listed on the back cover of this directory, or see your Evidence of Coverage for more information.

Emergency and Urgently Needed Care

In the event of a medical emergency, **go get help as quickly as possible**. Call 911 for help or go to the nearest emergency room or hospital. Emergency care can always be obtained in or out of the service area from the nearest available provider. We cover emergency services whether you are in or out of the service area. Emergency services are also covered whether or not a contracting medical provider provides them. Our plan covers ambulance services

in situations where getting to the emergency room in any other way could endanger your health. You or someone else should call to tell us about your emergency care, usually within 48 hours.

If you need urgent care when in the service area, you must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers neither Medicare nor your Plan will be responsible for the costs.

Obtaining services from Out-of-Network Providers

Your Evidence of Coverage will provide information as to whether or not your plan includes out-of-network services as well as the rules for obtaining these services. If you have any questions about your plan's benefits or coverage for out-of-network services, please call UnitedHealthcare Customer Service. If your benefit plan does not specifically include out-of-network coverage, we will only pay for out-of-network services that are emergency services, urgently needed services, out-of-area renal dialysis, post-stabilization care services, or when you have a prior authorization and/or a referral to a non-network provider.

How To Access Your Behavioral Health Benefit

To directly access your behavioral health benefits, please call the behavioral health number on the back of your Member ID Card 24 hours a day, 7 days a week. When you call, a representative will check your eligibility and ask basic questions about you and your situation. Depending on your needs, a clinician may talk with you about the problem you are experiencing and recommend a provider and the appropriate treatment plan. If you prefer, your PCP may call the number on the back of your Member ID Card and arrange a referral for you. You may also call to receive information about network practitioners, subspecialty care and obtaining care after normal office hours.

Confidentiality is maintained. Please be assured that personal information you discuss with their staff will be kept strictly confidential.

Choosing a Vision Provider

Review the Additional Benefits section of your EOC to confirm that your plan includes Vision Care coverage. Then, determine if the plan includes Routine Eye Exams and/or Routine Eye Wear. It's important to understand the specific details about your plan benefits, rules and limitations.

- For Routine Eye Exams, to maximize your benefit simply choose a network provider at the time you'd like to receive covered services.
- For Routine Eyewear, to maximize your benefit simply choose a network provider at the time you'd like to receive covered services. If your plan allows you to choose a non-network provider please refer to your EOC for reimbursement instructions.

If your plan does not include Vision Care you will not receive these additional benefits.

Choosing a Dental Provider

Additional Dental Benefits

Review the Additional Benefits section of your EOC and confirm that your plan includes additional dental benefits. If your plan includes additional dental benefits making your selection is easy. To maximize your benefits, simply choose a network provider and make an appointment.

How to Change a Dental Provider

Additional Dental Benefits

You may change network providers at any time. Simply select another network provider from this directory and make an appointment. All contracting provider listings are subject to availability. Some offices may have been added or removed since this list was last printed. For detailed information

on additional locations, contact UnitedHealthcare Customer Service at the number listed on the back of your membership card.

What is the service area for Your Plan?

from SecureHorizons

A UnitedHealthcare® Medicare Solution

Plan is insured or covered by UnitedHealthcare Insurance Company or one of its affiliates, a Medicare Advantage Organization with a Medicare contract.

The AARP® MedicareComplete® plans are SecureHorizons® plans insured or covered by an affiliate of UnitedHealthcare Insurance Company, a Medicare Advantage Organization with a Medicare contract. AARP MedicareComplete plans carry the AARP name, and UnitedHealthcare pays a royalty fee to AARP for use of the AARP intellectual property. Amounts paid are used for the general purpose of AARP and its members. AARP is not the insurer. You do not need to be an AARP member to enroll.

AARP does not recommend health related products, services, insurance or programs. You are strongly encouraged to evaluate your needs.
